

ROHS 2 Compliance Statement

Custom Interface, Inc. (Company) certifies that the cable and electromechanical assemblies manufactured by the Company are in compliance with and conform to the European Union's ROHS Directive 2002/95/EC and 2011/65/EU. Said products have no intentional addition of: lead, cadmium, mercury, hexavalent biphenyl ethers, bis phthalate, butyl phthalate, dibutyl phthalate or diisobutyl phthalate except for the use of lead when required by the US Government in fulfillment of contracts.

The company passes through this requirement to all suppliers and relies on their compliance and certifications rather than performing laboratory tests at its facility.

The Company believes to the best of its knowledge that the above statements are accurate as of the date of this certification and the statements and certifications of suppliers or service providers that Company may have relied upon in the preparation of this statement. This statement is displayed on the company website <https://www.custominterfaceinc.com/suppliers> under supplier documents.
